

NATURAL OR MAN-MADE FIBRE?

DRAW ARROWS TO SHOW THE CLASSIFICATION OF EACH MATERIAL

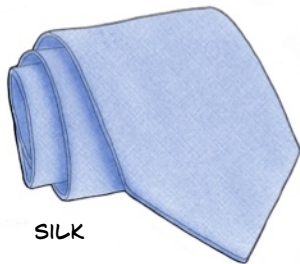

ELASTANE (LYCRA)

HEMP

POLYESTER

SILK

COTTON

JUTE

NYLON

WOOL

ACRYLIC

LINEN

#Clues

What's the difference between a natural & man-made fibre? What other examples are there of natural & man-made fibres? How does the classification of a fibre impact on its properties & uses?
